# eTwinning and ERASMUS+

- An eTwinning project related to an Erasmus+ Project is a sort of e-classroom where partner students and teachers meet to work on the set topics, share ideas and materials and collaborate to make products relevant to the project goals.
- It is also a place for additional activities such as those related to Online Safety or the promotion of SDGs 2030 for example SDG 3 Good Health and Well-Being, SDG 4 Quality Education, SDG 16 Peace, Justice and Strong Institutions.
